

HEAVY DUTY

Industrial strength epoxy resin for heavy duty applications such as factories, warehouses and manufacturing plants.

CCS Defend XT Industrial Epoxy

CCS Defend XT Industrial Epoxy is a two part, civil grade, high solids epoxy resin coating specially formulated for industrial and commercial concrete floors where a long lasting and durable surface is required.

CCS Defend XT Industrial Epoxy penetrates deep into concrete to seal, protect and provide a high level of resistance to chemicals, corrosive compounds and oils.

It is suitable for a variety of industrial applications requiring a tough non-porous surface particularly those subjected to pedestrian traffic, motor vehicles, forklifts, trucks and rubber tyre machinery.

Advantages

- Industrial strength product formulation
- High and low temperature tolerance
- Durable, long lasting and hard wearing
- Excellent resistance to chemicals and oils
- Easy to clean – very low maintenance
- Seamless – no joins to harbour grime
- Smooth or non-slip finish options
- Pre-tinted to standard Grey N35
- Low odour product installation
- Economical and quick application
- Excellent colour stability with high pigment content
- Wear resistant – hard wearing in demanding environments
- Excellent resistance to immediate water spotting
- High solids provides excellent durability (250-350 DFT – 2 coats)
- Easy 2:1 mix ratio
- High coverage rates
- Convenient 15 litre kit

Ideal for

- **Factories**
- **Warehouses**
- **Workshops**
- **Storerooms**
- **Processing plants**
- **Manufacturing facilities**
- **Carparks**
- **Ramps**
- **Catwalks**
- **Walkways**
- **Platforms**
- **Stairs**

Better Colours and Coatings

CCS uses computer generated imagery (CGI) to provide graphical representations of our products where actual photos are not available. The colours and finishes of the products featured within all CCS imagery are as close to the CCS range as CGI, photographic lighting and our printing processes allow. Different camera angles, although not designed to be misleading, can sometimes distort actual size and distances. We recommend checking your chosen colour against a sample of the product before purchasing as varying light conditions and limitations of the printing process affect colour tones. CCS are marketed and distributed by River Sands Pty Ltd ABN 41 009 919 215, trading as Concrete Colour Systems.
